PROFESSIONAL SUMMARY

Results-driven **Full-Stack Software Engineer & Systems Architect** specializing in high-availability web platforms, enterprise microservices, and distributed cloud systems. Proven expertise architecting resilient REST/GraphQL APIs with **NestJS** and **PostgreSQL**, leading cloud deployments across **AWS** and **DigitalOcean**, and delivering cross-platform systems across Web (**Next.js**), Desktop (**Tauri**), and Mobile (**Flutter**, **React Native**). Experienced in active traffic load balancing with **Nginx**, multi-tenant SaaS architecture, fiat & cryptocurrency billing engines (Stripe, NOWPayments, Plisio), and intelligent **AI/RAG automation** pipelines. Known for extreme technical ownership from architectural design to zero-downtime production delivery.

TECHNICAL COMPETENCIES

Backend & APIs:	NestJS, Node.js, Express.js, Django, FastAPI, GraphQL, RESTful APIs, Prisma ORM, WebSockets, Microservices
Frontend & Cross-Platform:	Next.js (App Router), React.js, Vue.js, TypeScript, Tailwind CSS, ShadCN UI, Zustand, Tauri (Desktop), Flutter, React Native
Cloud, DevOps & Infra:	Linux Administration, Nginx (Reverse Proxy & Load Balancing), Docker, Kubernetes (K8s), AWS (EC2), DigitalOcean, GitHub Actions (CI/CD)
Databases & Storage:	PostgreSQL, pgvector, TimescaleDB, MongoDB, MySQL, Redis (In-Memory Cache), MinIO
Payments, Crypto & FinTech:	Stripe, NOWPayments, Plisio, Crypto Payment Gateways (BTC, ETH, USDT, SOL), SSLCommerz, Webhooks, Event-Driven Billing
AI, RAG & Automation:	LangChain, Retrieval-Augmented Generation (RAG), Vector DBs, Autonomous AI Agents, MCP, n8n, Shell Scripting
CMS & Plugin Engineering:	WordPress (Custom Plugin & Theme Engineering), Gutenberg Blocks (block.json), PHP, Strapi Headless CMS

PROFESSIONAL EXPERIENCE

Full Stack Developer – Betopia Group

Oct 2025 – Present | Dhaka, Bangladesh

- Lead enterprise backend architecture and service modularization using **NestJS**, **TypeScript**, and **Prisma ORM**.
- Architect fault-tolerant relational schemas in **PostgreSQL**, optimizing query execution, connection pooling, and indexing.
- Direct containerized server orchestration and deployments across **AWS (EC2)** and **DigitalOcean Droplets** with Docker.
- Configure high-performance **Nginx** reverse proxies, SSL termination, and active load balancing for zero-downtime releases.
- Conduct deep technical business analysis to translate complex domain specifications into scalable, production-ready system designs.

Next.js Developer – NEXSTACK

Sep 2024 – Sep 2025 | Dhaka, Bangladesh

- Architected scalable enterprise web applications leveraging **Next.js App Router**, **TypeScript**, and **Tailwind CSS**.
- Engineered optimal client-side caching, incremental static regeneration (ISR), and SSR hydration for sub-second page performance and top-tier SEO.
- Integrated secure REST and GraphQL endpoints, handling complex authentication, token refresh flows, and state management.
- Standardized developer workflows and automated deployment pipelines using **GitHub Actions CI/CD**.

Junior Web Developer – Lyricz Software

Aug 2023 – Aug 2024 | Dhaka, Bangladesh

- Engineered full-stack features using **React.js**, **Node.js**, and **Tailwind CSS** across multiple customer-facing products.
- Designed normalized relational database schemas, modeled entity relationships, and built secure CRUD APIs.
- Ensured pixel-perfect responsiveness, cross-browser compatibility, and seamless UI/UX execution across all screen viewports.

KEY ARCHITECTURAL & PRODUCT HIGHLIGHTS

- Multi-Tenant SaaS & Reseller Platforms:** Architected automated tenant provisioning, dynamic wildcard subdomains, and isolated database schemas.
- Global Multi-Gateway Billing Engine:** Integrated fiat and cryptocurrency payment channels (Stripe, NOWPayments, Plisio, SSLCommerz) with asynchronous webhook processing and PDF invoice generation.
- Custom WordPress & Gutenberg Plugin Ecosystem:** Engineered modern Gutenberg blocks with `block.json` and decoupled frontend/backend renderers.

EDUCATION

Diploma in Computer Science & Technology (CSE)

Kushtia Polytechnic Institute | Graduated 2025 (CGPA: 3.48)

CERTIFICATIONS & HONORS

Complete Web Development (AI-First) – Programming Hero Autonomous Voice-Controlled Robotics Lead – Skills Competition

English Proficiency – Duolingo (Professional Working Fluency)

LANGUAGES

English: Professional Working Proficiency | **Bangla:** Native | **Hindi:** Basic Working Knowledge
